

Procedures and Policies for the Maintenance of Physical Infrastructure

The college has rich physical infrastructure in the form of classrooms, laboratories, computers, library and sports facilities. These facilities become accessible to the students after they are formally admitted in the college. A portion of the fee in the form of laboratory fees, library fees etc. paid by students is utilized for the construction, maintenance and up gradation of the physical facilities as per the guidelines of the statutory body. Besides this, funds are allocated by the state/central government for the construction and maintenance of the physical facilities in the campus. The college has well-equipped laboratories for conducting routine practical work of undergraduate courses in life sciences, physics and chemistry. Laboratory assistants, appointed by JK SSB, are entrusted with the job of maintaining these laboratories and the stock registers.

As part of Kashmir Edusat Network, our college has a Satellite Interactive Terminal (SIT) to get access to quality education with modern technology. The college currently has one smart classroom which is well-equipped with modern ICT tools. Moreover, the college has an ample number of computers with internet connections and useful software which has allowed us to implement e-governance in the office, library etc. Our college has a well-equipped computer laboratory which provides free internet access to bonafide students of the college.

Our college has a well-established library which houses a rich collection of books for different undergraduate courses. It also provides access to various journals, magazines and newspapers. The library has adequate support staff that facilitates the access to library resources to the students and teachers. A separate, well-furnished reading room is also available for students for distraction-free reading. Additionally, reprographic facility is also available which provides xerox facility to the students at subsidized rates. Library committee is framed at the institute level to ensure smooth functioning of the library. Usually, one of the senior most faculty members heads the committee. As part of quality maintenance initiative of the services provided, IQAC of the college conducts the audit of the library operations from time to time.

The institute has rich sports infrastructure in the form of a playground, gym, volley ball court besides an indoor hall. Our institute believes in holistic development of the students. To this end, students are encouraged to participate in different games and sports events organized in the institute. Also, the college participates in different inter-college competitions organized in various sports categories. A few of our students have been selected for a few sports competitions at national level. The college annually organizes Shureeda Memorial Volleyball tournament in which colleges from Kashmir division participate.

Our college gets major portion of its funds from the state government besides substantial contribution from RUSA for maintenance of the infrastructure and its up-gradation as per needs and modern trends.
