Press Release

Mahatma Gandhi's principles will continue to be the guiding light for humanity. This illustrates the need and importance of Gandhi even today. In consonance with this view and to comply with Govt. of Jammu and Kashmir initiatives, NSS Unit of Government Degree College Shopian organized an event in Conference Hall of science bloc to kick start series of programmes w.e.f 12-09-2023 to 30-09-2023. The event was inaugurated by worthy Principal who at the outset highlighted Gandhi's life and urged everyone to follow the noble path of truth and non-violence. He ended his talk with the remarks that in today's world of hatred and violence, the need for Gandhian principles is sine qua non.

This was followed by the brief address of NSS Officer who reiterated the need for adhering to the principles of truth and non violence in today's narrowed minded world. This was followed by screening of movie. The thronged hall watched the movie with enthusiasm. The film showed the different episodes of Gandhi's life. Gandhi (1982), directed by Richard Attenborough, covers Gandhi life from a defining moment in 1893 as he was thrown out of train in South Africa and concludes with his assassination in 1948. The film shows Gandhi as a secular leader respecting other faiths too. Also a screened theme highlighting essence of "Nasha Mukh Bharat" was presented. The event concluded with the vote of thanks by NSS Volunteer. Worthy Principal appreciated and thanked all the concerned particularly NSS Volunteers who made event a great success.

NSS Officer.
